### walther design – The Company

**walther design GmbH & Co. KG** is a leading provider in Europe for table top frames, picture frames and photo albums. Throughout its more than 90 years existence, the company has always put great emphasis on the quality of its products.

The company headquarters is located in Nettetal, 60 km west from Düsseldorf, near the border with the Netherlands. From this location, goods are dispatched to more than 3,000 customers in over 50 countries.

Over 90 years of experience, 60 motivated employees and a company strategy directed towards continuous improvement makes us a great partner for you.

**walther design GmbH & Co. KG** stands for clear orientation towards the customer's needs and superior quality in service. In consultation with our commercial partners, we are constantly developing our product lines to incorporate current design and colour trends into our products.

In addition to future-oriented product policies, the expansions and optimisation made to walther design presentation and sales aids represents a second, further success factor.

### Customer Service Office

High level of service with quick response time and personal contact.

### Logistics Centre & Field Service The Service and Quality Advantage

Within striking distance to the Rhine-Ruhr conurbation and the Netherlands, walther design's Nettetal headquarters provides the company with over 14,000 m<sup>2</sup> office and storage space.

Entirely comprehensive field service and the modern logistics centre, with 17,500 pallet spaces, are our important success factors.

### ISO 9001 Certification

In 2013, our embarking to a modern yet traditionally anchored future was emphasized by an optimization of processes by acquiring the ISO 9001 certification. The certificate was awarded by TÜV Rheinland in 2013, and reconfirmed every year since then.

### Pick-by-voice

Voice-operated ordering for increased efficiency and productivity while simultaneously reducing the margin of error.

### EDI

EDI connection (Electronic Data Interchange) ensures customer communication oriented towards the future and the rationalisation of standardised business processes (order processing and invoicing).

We're at your service.

walther design – Simply the Best

## Photo Mounting Card & Protective Glassine Covers

Our albums are exclusively produced with acid-free cardboard up to 225 g / m<sup>2</sup> and quality glassine covers as protection.

## Adhesive Programme

In combination with our traditional albums we offer a wide quality range in mounting program.

## Mini Memories

Our inspiration for mini albums:

- useful, simple, convenient as a present
- with introduction page and possibility to slide in your own photo on the cover
- improved quality
- black pages

## Memo Slip-in Albums

We offer a wide range of memo-slip-in albums in different designs and colours for the most common picture formats, including digital format. Our slip-in albums offer the easy placement to most photos without using glue or photo corners.

## Flat Books

High-quality photo albums, manufactured in traditional bookbinding.

Due to the unique processing with a special film hinge, the sides always lie flat. Thus, browsing through the album is a pleasure, as the photo cardboard does not buckle. Albums with this high-quality production finishing are provided only by walther design.

## Attention to Detail

Our photo albums are created in close collaboration with international designers focussing on noble details.

Elaborate product finishing (for example embossment, die-cut, applications and different binding techniques) play just as important as trendy colours and quality materials (for example linen etc.).

## Wedding Albums

### UH-122 Ti Amo

# General Terms and Conditions of Business of walther design GmbH & Co. KG

## 1. Scope

The following General Terms and Conditions apply to all orders, including those placed through our online shop [www.waltherdesign.de](http://www.waltherdesign.de) by companies.

The following apply to companies: If the company uses contrary or supplementary General Terms and Conditions, then we hereby object to their applicability; they will only be considered a part of the contract if we have expressly agreed to this.

## 2. Contractual partner, conclusion of the contract

The purchasing agreement shall be concluded with walther design GmbH & Co. KG (hereinafter referred to as "walther design").

By placing the products in the online shop or our sales documents, we provide a binding offer to conclude a contract regarding these products. If you place our products in your shopping basket, this is non-binding; you can correct your entries at any time before submitting your binding order using the corrective tools provided for this purpose and explained during the ordering process. The contract will come into being when you click the order button to accept the offer for the goods contained in the shopping basket. Directly after you send the order, you will receive a confirmation via e-mail.

Orders by a company can also be placed in writing or by telephone.

walther design accepts the contractual offer of the customer by sending the ordered goods to the customer. The contract between walther design and the customer only comes into force upon shipment of the goods. If individual products in the order are not shipped by walther design, then no purchasing agreement shall come into force between the parties regarding these products.

walther design will send a written invoice and order confirmation to the customer along with the goods, which will list the amount to be paid by the customer, any VAT, and all other necessary information.

The customer cannot derive any claims from the fact that walther design may not have certain products in stock at a specific time, and is therefore not able to ship them.

## 3. Contractual language, saving the contract text

Contracts are concluded in German.

We save the contract text and send you the order data and our General Terms and Conditions in text form. You can review the contract text in our customer login on our website.

## 4. Delivery conditions

Shipping costs may be charged in addition to the indicated product prices. Further provisions on any shipping costs charged will be provided with the offers.

walther design is entitled to divide orders into partial deliveries.

If it is not possible to complete delivery to the customer for reasons for which the customer is responsible (not received at the delivery address provided, despite prior notification of delivery), then the customer shall bear the costs of the failed delivery attempt.

If not otherwise expressly agreed between the parties, goods shall be delivered ex works by walther design to the address provided by the customer. walther design will pay the costs for packaging and shipping the goods above an order value of € 250.00 for customers in Germany. walther design will choose the shipping method and freight carrier, if applicable.

If not otherwise expressly agreed between the parties, above an order value of € 2,500.00, walther designs will complete deliveries to international customers in return for advance payment, ex works to the address provided by the customer.

The minimum order value is € 175.00 net. If walther design voluntarily accepts an order with a volume below the minimum order value or below the respective indicated minimum order quantity, then the customer shall pay for packaging and shipping costs as well as processing costs, unless otherwise agreed. An expense charge of € 9.50 per order will be collected for this purpose.

## 5. Payment

In general, the following payment method is available to companies in our B2B shop or for telephone or written orders:

Invoice

Amounts invoiced by walther design must be paid by the customer within a 30-day payment term.

walther design shall grant a 2% discount if the invoiced amount is paid by the customer in cash within the first 14 days after the invoice date. walther design shall grant a 3 % discount if the invoiced amount is paid via bank debit within the first 10 days after the invoice date.

walther design will only accept bills of exchange by special agreement. The customer shall have no entitlement to use this payment method.

If the invoiced amount is not paid before the payment deadline, then the customer will fall into default. In this case, receivables of walther design shall be charged interest in accordance with the law.

Please only make transfers to the account indicated, and enter the correct memo to ensure that the payments are assigned properly.

If you choose to make a purchase on account, your data (in particular your name and contact information) may be sent to Creditreform Boniversum GmbH, Hellersbergstrasse 11, 41460 Neuss for the purpose of a credit check. If this check does not return the desired results, for instance because the data cannot be clearly allocated, we will automatically offer you other available payment methods. Information in accordance with Art. 14 of the EU General Data Protection Regulation on data processing carried out by Creditreform Boniversum GmbH is available here: [www.boniversum.de/EU-DSGVO](http://www.boniversum.de/EU-DSGVO)

### General Terms and Conditions of Business of walther design GmbH & Co. KG

In case of a return, the applicable amount will be credited to the bank account from which you completed the transfer.

#### 6. Right of revocation

Companies are not granted any voluntary right of revocation.

#### 7. Retention of ownership

Goods shall remain our property until full payment is received.

The following also applies to companies: We reserve ownership of the goods until all claims resulting from an ongoing business relationship are satisfied. You may sell the reserved goods in the course of normal business operations; all receivables resulting from this sale shall be assigned to us - regardless of whether the reserved goods are combined or mixed with any new products - in advance in the invoiced amount, and we hereby accept this assignment. You remain entitled to collect the claims from your customers; however, we may also collect claims ourselves if you do not fulfil your payment obligations.

#### 8. Damage in transit

The following applies to companies: The risk of accidental destruction and deterioration shall be transferred to you once we have delivered goods to the shipping company, the freight forwarder, or the other person or entity which will handle the shipment.

The examination and complaint obligations regulated in Sec. 377 HGB (German Commercial Code) apply between merchants. If you do not submit the notification regulated there, then the goods will be considered accepted, unless the defect could not be discovered during the examination. This shall not apply if we have intentionally concealed a defect.

#### 9. Defects, warranties and guarantees

Statutory defect liability applies.

Our information regarding the object of the delivery or service (such as weights, dimensions, consumption values, load-bearing capacities, tolerances, and technical data) as well as our illustrations of the same (such as drawings and images) are only approximate, unless usability for the contractually intended purpose requires that they be exact. These should not be considered guaranteed characteristics, but rather descriptions or designations of the delivery or service. Deviations customary in the course of business, or deviations due to legal regulations or that represent technical improvements, as well as replacing components with equivalent parts, are permitted if they do not negatively impact usability for the contractually intended purpose.

Companies must notify the company within 2 (two) weeks from receipt of the goods of any obvious defects, either in written form or text form; otherwise, no warranty claims may be asserted. Sending the defect notification promptly will fulfil this deadline. In the case of companies, we will fulfil the warranty for the defective goods initially by completing a repair or replacement delivery, at our discretion.

If delivered items have obvious material or manufacturing defects, including any damage in transit, we request that you submit complaints regarding such faults to us immediately, or to the employee of the shipping provider which delivers the goods. However, if you fail to submit this complaint, this will have no consequences for your legal claims. At your discretion, the statutory claims for supplementary fulfilment, for correction of the defect / new delivery or - if the statutory requirements apply - further claims to reduction or rescission as well as to claims for damages apply to all defects in purchased goods which become apparent during the statutory warranty period, including reimbursement of damages in place of fulfilment and reimbursement of your wasted expenditures.

#### 10. Liability

We will always be liable without restriction for claims resulting from damages caused by us, our statutory representatives, or our agents

- in case of injuries to life, body, or health
- for intentional or grossly negligent breaches of duty
- for warranty promises, if agreed, or
- if the scope of the Product Liability Act applies.

In case of violations of significant contractual obligations that must be fulfilled to make it possible to properly carry out the contract, and which the contractual partner should regularly expect to be fulfilled (cardinal obligations) due to slight negligence on our part, the part of our statutory representatives, or our agents, liability shall be limited to the damages foreseeable at the time the contract was concluded and that should typically be expected.

Any other claims for damages shall be excluded.

#### 11. Dispute resolution

The European Commission provides a platform for online dispute resolution, which is available here. We are prepared to take part in extra-judicial dispute resolution proceedings before a consumer arbitration board. The General Consumer Arbitration Board of the Zentrums für Schlichtung e.V., Straßburger Straße 8, 77694 Kehl am Rhein, [www.verbraucher-schlichter.de](http://www.verbraucher-schlichter.de) is the responsible body.

#### 12. Final provisions

The law of the Federal Republic of Germany shall apply to contracts between walther design and the customer, excluding laws governing the international sale of movable goods.

If you are a merchant under the Commercial Code, a legal entity under public law, or a public law special fund, then the exclusive place of jurisdiction for all disputes arising from the contractual relationships between our company and yourself shall be our headquarters.
